Subject: Application of Rasier, LLC DN 2014-372-T Hearing Request

Dear Counsel:

I have received your requests that we schedule a hearing on one or more of the pending motions in this docket. With respect to the motion to compel and motion for protective order, I have now spent a good deal of time reviewing the motions and memoranda. I believe all parties have done an excellent job briefing the issues and advocating their respective positions. Please advise me if there are matters which have not been adequately addressed in the written submissions to date, and I will consider this information in deciding whether a hearing is necessary.
